Organisers / Cordinators Contact No:	9892052035
No. of Participants (Total):	62
No. of Participants (Male):	28
No. of Participants (Female):	34
Nature of the Activity:	Academic
Topic/ Subject of the activity	Seminar On TB
Objective for conducting the activity:	The primary objective of a seminar on TB is to increase awareness about the disease. This includes educating participants about what TB is, how it spreads, the symptoms, and the importance of early detection and treatment.
Briefly mention the methodology used:	This event is held at the college auditorium from 9:00am to 11:00 am. Tuberculosis is a silent disease! Most people infected with the bacteria that cause tuberculosis don't have symptoms. when symptoms do occur, they usually include a cough, weight loss, night sweats and fever . All the volunteers learned the different types of tuberculosis and their cure.
